**JOURNAL
OFFICE OF LEGISLATIVE COUNSEL**

Thursday - 29 October 1964

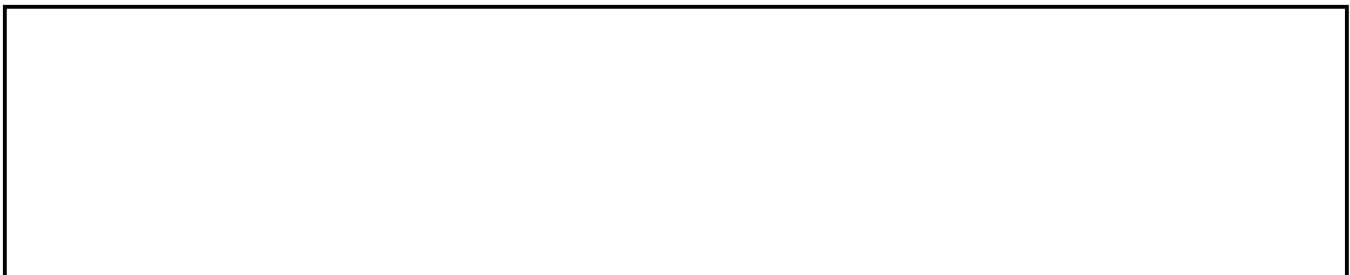

25X1

25X1

2. Talked with Bob Michaels, of the House Appropriations Committee staff, regarding the travel of certain members of the Committee staff to the Far East. Michaels advised that the Survey and Investigation Staff was making this trip for the primary purpose of looking into administrative matters such as aspects of DIA's personnel program. He saw no reason for Agency people to be involved and also said there would be no basis for members of this staff to inquire into matters affecting this Agency. Field stations which are concerned are being notified to this effect.
